BROUGHT TO YOU BY — Compology

Dumpster Contamination ID & Scoring

Dumpster cameras ID & score contamination (tangles, bags, etc.) so you can keep recycling streams clean, bill accurately & target customer coaching. [Watch Video](#)

Federal bill aims to extend renewable energy tax credits for biogas and WTE

The bill would incentivize development of qualifying biogas, WTE and biomass projects. While attention to organic waste has spurred recent biogas

investment, new incinerator projects have been less frequent.

UPDATED

Iowa waste authority approves \$10.9M equipment contract for new MRF

The Metro Waste Authority is moving ahead with plans to construct its own recycling facility that will handle up to 45,000 tons per year and use equipment from CP Group.

Research shows carbon sequestration potential of compost in California

A 19-year study from UC Davis explores how compost improved carbon storage in agricultural settings. The findings come amid growing concern about managing greenhouse gas emissions from organic waste.
