BROUGHT TO YOU BY — Compology

Dumpster Contamination ID & Scoring

Dumpster cameras identify contamination (tangles, bags, & more) so you can keep recycling streams clean, bill accurately & target customer coaching.

[Watch Video.](#)

Philadelphia solicits bids for new compost facility with statewide implications

The city aims to expand organics processing infrastructure via a public-private partnership that could reduce annual food waste by nearly 150 tons as part of

its 2035 "zero waste" goals.

EPA set to hike e-Manifest fees as industry slow to adopt system

The scale of fee increases scheduled for October caught hazardous waste generators and service providers — already frustrated with navigating the new system — by surprise.
